

How It Works

Your Meeting Pipeline

Prepared for: Bryan McInerney

STEP 1

We identify qualified business owners in Northeast Ohio who match your ideal client.

You do nothing.

STEP 2

We send personalized outreach using your LPL pre-approved templates.

YOUR NAME IS NOT ON THESE EMAILS.

You do nothing.

STEP 3

Someone responds "I'm interested."

NOW we send the warm handoff - this is the only email that names you, with full LPL compliance disclosures.

You do nothing.

STEP 4

Meeting lands on your calendar.

Via your Calendly link:
calendly.com/bryan-checkannuity/30min

You get an email notification.

STEP 5

You show up to the meeting.

That's the only thing you do.

What You Need To Do (Once)

1. Review the 8 templates we've prepared (already done - see templates document)
2. Submit them to LPL for pre-approval
3. Tell us when they're approved

After that, your only job is showing up to meetings.

What We Handle (Ongoing)

- Finding qualified prospects (HNW business owners in NE Ohio)
- Sending outreach using your approved templates
- Managing replies, unsubscribes, and do-not-contact lists
- Qualifying interest before introducing you
- Booking meetings on your calendar
- Notifying you via email when a meeting is set

What This Is NOT

- This is NOT mass marketing or newsletters (that's what FMG does)
- This is NOT social media posting
- This is NOT anything that goes out without LPL approval
- This is NOT a replacement for FMG - we do something completely different

One Sentence

We get qualified business owners to raise their hand, then we put them on your calendar - using only LPL-approved language, with your name protected until they're already interested.
